

Item specifications

Go-IoT Item Id:	DINGO-PG-PINGO-01
Data on power-lines in Accordance with	CENELEC EN50065-1 1992 Class 134 (industrial) Using CENELEC B (95 kHz to 125kHz) CENELEC B can be supported with a different MIC.
Min. Receiver sensitivity	35dBµV
N-PLC baud rate	50-3200 bps (bits-per-second)
Power-line	95-265VAC, 45-65Hz
TTL Serial Interface	1
GPIO interface	1: Data Ready. 2:Reset/Firmware-Upload
Indicators	LED – N-PLC Communication
Drivers	Linux, Win10 IoT
Expansion Connectors	1 x 10way header from Base Board 1 x 2way high voltage header from Base Board
DC Input	+12V
Temperature	-20 degree C to +85 degree C
Size (L x W)	60 x 40 mm
Country/Region of Manufacture:	CANADA
